### HELPFUL HINTS: GREAT BASEBALL

#### Balking:

To prevent balking, throw the ball to the base the player is running from, not running to.

#### Pop-up:

After using pop-up finish off by pushing button #2 so that the running player does not get thrown out.

#### Catcher:

When a player is trying to steal a base, the catcher can throw the ball to the base the player is running to. Push the directional pad up and button #2, the catcher will throw the ball. Use the directional pad to direct the ball.

Please note: you are unable to select your catchers as indicated on page 4 of the instruction booklet.

### HELPFUL HINTS: ROCKY

Apollo: Typical good boxing techniques will help you against Apollo.

Lang: Lang has a jelly belly. Give him lots of low jabs in the stomach!

Drago: Get real close. Keep punching so that Drago starts going back towards his own corner. Punch him low during this stage. You can best finish him off by punching him in the face twice. If you can get Drago into his corner, you have won half the battle! Use stomach punches and finish off with two hits to the face.

### HELPFUL HINTS: GREAT ICE HOCKEY

When using the Sports Pad, in Great Ice Hockey, spin the ball to make you puck go faster. It is a "Snap Action" function. When shooting towards the goal, the puck will glide towards the goal faster if you spin the ball FAST, then release it.
